U.S. Boiler Company

QUALITY ONE SERVICE NETWORK 2018 DEALER PROGRAM

All current and new members of the Quality One Service Network are eligible to participate in the following rebate program for their purchases of U. S. Boiler products during the 2018 calendar year.

- 3.5% rebate on all Cast Iron Boilers
- 5% rebate on all Condensing Boilers

In an effort to have all members of the Quality One Service Network who install and service boilers trained; those companies who send contractors to local training seminars to learn how to install and trouble shoot boilers will receive (1) $100 Visa gift card for each contractor who attends with a maximum of (5) gift cards per company.

With the help of Quality One's Board, ROI Marketing will work with wholesalers to get the required sales reports generated and calculate the earned rebate for each participating company and submit required paperwork for payment in early 2019.
